- Solved more than **350** questions across various platforms like LeetCode, CodeChef, GFG etc.

## PROJECTS

- Foody – [Foody.onrender.com](https://foody.onrender.com) | [Foody-admin.onrender.com](https://foody-admin.onrender.com)** | ReactJS, MongoDB, Node.js, Express.js, Stripe
- Built a responsive food ordering website with intuitive UI/UX to enhance user experience and engagement.
  - Integrated **Stripe payment gateway** to enable secure, real-time transactions for a smooth and trustworthy checkout experience.
  - Designed and implemented a real-time Admin Panel with order management features, enabling efficient tracking and processing of customer orders.
- Quiz App – [Quiz-App.onrender.com](https://quiz-app.onrender.com)** | ReactJS, MongoDB, Node.js, Express.js, REST APIs
- Developed a full-stack Quiz Application with authentication and role-based access, allowing users to take topic-wise quizzes (HTML, CSS, JavaScript, etc.) and track scores dynamically.
  - Main highlight includes restricted quiz access to logged-in users and leaderboard visibility to admins only.
  - Features a progress bar, light/dark theme, and instant feedback on correct and incorrect answers after submission.
- MediWise – [MediWise.onrender.com](https://mediwise.onrender.com)** | ReactJS, Node.js, Express.js, RESTful APIs, Flask, ML Model
- Built an AI health app that predicts disease, suggests precautions, and recommends the right doctor for symptoms.
  - Main highlight is real-time doctor recommendations with nearby locations based on the predicted disease.
- Dealify – [Dealify.onrender.com](https://dealify.onrender.com)** | ReactJS, Node.js, Express.js, RESETful APIs, SERP API
- Built a real-time deal finder using SERP API to compare prices across Amazon, Flipkart and Croma.
  - Main highlight is that the users get direct buying links with price filters for smarter and faster deal discovery.

## TECHNICAL SKILLS

**Languages:** C, C++, Java, Python, HTML, CSS, JavaScript

**Web Technologies:** Node.js, Express.js, EJS, Bootstrap, jQuery, React.js, MongoDB, PostgreSQL, Stripe, Render

**Coursework:** Data Structures, Algorithms, Object Oriented Programming

**Others:** Git, GitHub, VS Code, Problem Solving

## EXTRACURRICULAR ACTIVITIES

- Video Editor (Freelance)**
- Provided freelance video editing services to YouTubers, gaining hands-on experience in digital content creation, post-production, and client communication.
